Italian Reds \$20

Chianti Classico, I Bastiani Tuscany, Italy

Nero D'Avola, Regaleali Sicily, Italy

Montepulciano d'Abruzzo, Marchesi de Cordano "Aida" Abruzzo, Italy

West Coast Reds \$23

Pinot Noir, Coeur de Terre Willamette Valley, Oregon

Cabernet Sauvignon, Canvasback Red Mountain, Washington

Zinfandel Blend, Biale Vineyards "Black Chicken" Napa Valley, California

Sommelier Summer Selections (available for a limited time) \$22

Sprezza Rosso (wine cocktail) Dry, bubbly, refreshing & slightly bitter with fresh citrus

Graci, Etna Bianco Sicily, Italy

Kerner, Cantina Valle Isarco Alto Adige, Italy

FEATURED WINE BY THE BOTTLE

2018 Mery Edwards Pinot Noir
Sonoma Coast, California \$90

94 points

"Jammy plum, strawberry and dark cherry ooze from the core of this beautifully coastal wine, seasoned in dried herb, clove and black tea. Expressive and varietal, with a thick tannin structure, it has room to open further and unwind, its oak well integrated and its tannins structured."

Wine Enthusiast "Best of Year" Issue, January 2021

MAGNUMS LARGE FORMAT BOTTLES

Why do different bottle sizes exist?

Large format bottles are all about quality, rather than quantity. The main change in size came about during the 1700s, when makers discovered cork could be used as a sealing agent, allowing wines to age. They soon found that larger bottles not only looked better, but they allowed the wine to age and develop over longer periods due to the smaller amount of oxygen and sulphur dioxide between the cork and the wine. This surface to air ratio is known as the 'ullage', and wines with a lower ullage - typically those in larger format wine bottles - age more slowly, even developing more complexity than the same wine in a smaller bottle.

Some Cultures also believe that the unity of drinking from the same bottle creates a special communal link of the occasion that be.
